**February 6, 2024 - Helena** – Every year Reach Higher Montana holds a competition to allow students to use their creative side to win scholarship dollars.

The competition asks students to design a sticker that helps pass along the message to fellow students to find their path after high school. The top two designers will each receive a \$1,500 scholarship. The third and fourth place designers will each receive a \$1,000 scholarship. The fifth and sixth place designers will each receive a \$500 scholarship. This year we have added *Judges Choice Awards*, the three winners will receive a \$500 scholarship. The high school art programs of the respective winning students will also receive \$250 to purchase art supplies or equipment.

Entries can be submitted at [ReachHigherMontana.org](http://ReachHigherMontana.org) by February 28th.

The winning sticker designs will be produced and sent to all Montana high schools in the fall as part of the Stick-With-Scholarships campaign. As part of that effort, Reach Higher Montana gives out six \$500 scholarships to students who enter the competition by posting a picture of one of the stickers on their social media account and tagging Reach Higher Montana.

The Design-A-Sticker, Win-A-Scholarship Competition is part of Reach Higher Montana's efforts to help students use their creativity to access resources to continue their education. The Reach Higher Montana website provides access to a list of hundreds of scholarships for Montana students, and the organization posts new scholarship opportunities on its Facebook and Instagram pages every Thursday.
